SPANISH WITH PAUL MINI COURSE 5

SPANISHWITHPAUL.COM

Hello this is Paul and welcome to Mini Course 5.

Inside I reveal one of my favorite shortcuts in Spanish using "acabo de" to instantly take you into the past with any verb along with some new "high frequency" vocabulary.

I've also taken care to incorporate much of what you've already learned in the previous 4 courses in order to continue and sustain an even learning curve.

While these mini-courses will do wonders for your confidence and self-belief with Spanish I'm still only *dipping your toe in the water!*

Whenever you're ready to fully jump in and become **completely fluent in conversational Spanish** my main course is waiting for you <u>here</u>.

Keep going, you absolutely <u>can</u> do this!
